

Teaching Assistant

Admission and Education Programs for High School Students,
Yokohama National University, 2017-2018

Purpose

Yokohama National University (YNU) has developed the admission and education programs to help high school teachers who teach their students through active learning methods and academic researches, etc. The management office (Admission and Education Centre, YNU) of the programs employs Teaching Assistant (TA) to increase opportunities to promote the high school teachers and their students through the experiences involved in the academic researches and education programs of YNU.

Qualifications Required

Basic Qualifications:

- YNU student or Posdoc, ~~who are belonging to a Graduate School of YNU~~ in 2018
- YNU student or Posdoc who are capable of communicating in Japanese and English, Japanese or English

Preferred Qualifications:

- Good interpersonal and communication skills
- Having an interest in education programs of Japanese high schools and universities

Major Duties

The management office irregularly asks the TAs to:

- Assist high school teachers and students to do study and academic research in their high schools
- Assist events or lectures involved in the admission and education programs of YNU
- Assist teachers of YNU involved in the admission and education programs, etc.
